Dear Ms. Milligan:

Re: Broadcasting Accessibility Fund

Independent Broadcast Group/Le groupe de diffuseurs indépendants ("IBG/GDI") has reviewed Media Access Canada's submission to the CRTC dated November 7, 2011 regarding the proposed structure for the Broadcasting Accessibility Fund. This letter will confirm that IBG/GDI supports Media Access Canada's position that the Board of Directors for the Broadcasting Accessibility Fund should be structured so as to include representation from the broadcast industry as a whole.

Media Access Canada's diligent review of the proposed structure for the Broadcasting Accessibility Fund demonstrates your organization's commitment to advance the development of platform neutral solutions to increase the accessibility of broadcasting content.

Yours truly,
